Dear Parents

Social Media – Parent Code of Conduct

You will know that as parents and carers you too, have responsibilities regarding your use of social networking sites.

- You are not expected to post pictures of pupils other than your own children on social networking sites.
- You should not post malicious or fictitious comments on social networking sites.
- You should make complaints through official school channels rather than posting them on social networking sites.

School will consider legal action if anyone is found to have posted comments that are libellous, defamatory or are likely to adversely affect the reputation of the school and staff.

I trust that as a school with an open door policy you would discuss any concerns with myself and/or staff in the school rather than use social media. We can then resolve any issues together.

Thank you for your support and cooperation.

Yours sincerely

Mrs J Gregg
Headteacher
