

## Gorsewood Primary School

### Child Friendly Version of our Child Protection Policy

#### What is Child Protection?

- \* All of the adults around you think that your health, safety and welfare are very important.
- \* In our school, we respect our children and help to protect their rights.
- \* We do our best to help children make good educational progress.
- \* We teach children how to recognise risks in different situations, and how to protect themselves and stay safe.

#### How will we try to protect children?

- \* We will provide a safe environment for children to learn in.
- \* We want to help to ensure that children remain safe, at home, online and in school.
- \* We think it is important for our children to know where to get help if they are worried or unhappy about something.
- \* We will teach you how to look after your wellbeing and strategies to use when things don't go to plan.
